

ROSEWOOD TUCKER'S POINT

BERMUDA

January 2013

Rosewood Tucker's Point has been absolutely delighted to have been able to display the work of Shelly Hamill. Her pieces fit perfectly into the public area of our Hotel and become a genuine talking point among our guests. We have sold numerous works of her art and have found several returning guests purchase additional pieces to enhance their collections. I can highly recommend her and her beautiful mosaic sculptures.
